

PRATT SAFETY SYSTEMS LAUNCHES A NEW 35 LITRE CAPACITY PORTABLE EYEWASH STATION MODEL SE5000

A secure and cost effective solution for an eyewash station where plumbed water is not available.

Pratt Safety Systems can provide you with strong and reliable equipment for any workplace requirements. You have a peace of mind knowing that you're providing your employees with the best initial first aid treatment for chemical burns and injuries.

Features Include:

- 35 litre tank capacity.
- Made from UV stabilised high-density polyethylene (HDPE), with a yellow fold down tray for an easy identification.
- Complies with AS4775 & ANSI Z358.1 as a self-contained eyewash.
- A compact portable gravity fed eye wash unit that provides a minimum 15 minutes of continuous flow.
- A wide fill opening with threaded cap permits easy inspection, cleaning and filling.
- Fold down operation of the eye wash tray for the activation of the water flow.
- Spray nozzles are protected from dust, grime and damage when tray is in the closed position.
